Prayer Letter

November 2026

PRAYER NEEDED:

Pastors & Their Families: Continued prayer for our pastors—that God would strengthen, protect, and encourage them.

2027 Itinerary: The Lord is filling the calendar through next year. Pray that He would prepare each field before we ever arrive.

Daily Visit with God: The blog went out every day of October, with new podcast episodes alongside. Pray the Word would have free course.

Sound Baptist Bible College: Pray for our students and the courses in restricted-access countries.

Writing & Publishing: Pray for the books at the writing desk—that each would strengthen the saints and reach the lost.

October kept us busy closer to home, but the Lord opened doors to preach and encourage. Early in the month we were privileged to take part in the Home Missions Conference in Yakima (October 6-8), and later in the month I was able to fill the pulpit in Tonasket. Between those trips we enjoyed the regular rhythm of services at Liberty Baptist Church here in Republic, and we continued to pray for and promote the outreach tracts and postcard for the Kettle Falls church plant.

Even in the weeks we stayed on McKenzie Mountain, the ministry never slowed. The Daily Visit with God blog was published every single day of October, and we recorded new podcast episodes and Sound Baptist Bible College classes throughout the month for our students in restricted-access countries. I also kept at the writing desk, working on upcoming book projects. We are thankful for every open door, and for your prayers that keep these avenues of ministry fruitful.

Current Itinerary
